

ECOBEE

ecobee Smart thermostat

More than just a thermostat!

Easy.

ecobee thermostats are Wi-Fi enabled, so you can make adjustments on the go from your tablet, computer or smart phone. An easy-to-read, high-resolution color display and intuitive user interface makes it easy to quickly set a personalized schedule - meaning complete flexibility to work around your schedule since you don't live your life the same way 365 days a year.

Smart.

Your ecobee thermostat can remind you to change your filters, or schedule routine maintenance so you don't have to worry about it. If there is an issue with your equipment, your ecobee will also notify you right away, which can help prevent costly equipment failures. Now that's smart!

Green.

ecobee's Energy Modeling Team set out to discover how much energy ecobee customers are saving annually by analyzing data from a random sampling of 18,000 ecobee thermostats. The results demonstrated that the average ecobee customer saves an estimated 24% on their heating and cooling costs each year.* In terms of dollars and cents, that's an estimated annual savings of over \$500!

- Wi-Fi enabled
- Free mobile apps
- Easy-to-use ecobee Web Portal
- No annual / monthly fees
- Live weather
- Full-color touch screen
- Humidity control
- Two dry contact inputs
- Optional temperature sensors

EB-STAT-02

Technical Specifications

Conventional Heating & Cooling	3H / 2C
Heat Pump Heating & Cooling	4H / 2C
Set Temperature Range	45° F - 92° F (7° C - 33° C)
Number of Wires to Thermostat	4
Dry Contact Inputs	2
Heat Pump Control (Including Geothermal)	✓
Dual-Fuel	✓
Auxiliary Heat	✓
Programmable Fan Control	✓
Humidifier Control	✓
Dehumidifier Control	✓
Ventilator Control	✓
Auto-Changeover	✓
Intelligent Setback Recovery	✓

Programmable Periods	Awake, Away, Home, Sleep, Custom
User Accounts	Shared
Number of Thermostats that can be connected to your account	Recommended for up to 10 thermostats
Thermostat Management	Individually OR in groups
One-button Override	...
Mobile Apps	iPhone / iPod Touch Android / Blackberry
Compatible Accessories	Remote Sensor Module Power Supply GelaSkins

On-Screen Contractor Info.	✓
Configurable max / min set Temperature	✓
Ability to switch between Fahrenheit and Celsius	✓
Configurable Upstaging and Downstaging	✓
Wireless Protocol	B / G
WiFi Security Encryption	✓
Encrypted Communication over Internet	✓
Optional 2.4 GHz Zigbee Module	✓
